

**Announcement for current discontinued products and the successor products of Foreign
Material Test pieces for X-ray Inspection.**
(Regarding Stainless Steel Ball and Wire, and Aluminum Ball)

June 6, 2018

Japan Inspection Instruments Manufacturers ' Association
Food Test Pieces Committee, Chairman: Hiroshi Yamamoto

Dear Sirs,

Using the patronage JIMA, indeed welcome and thank you for your cooperation. Now, JIMA has quality foreign test pieces for X-ray and makes every effort to obtain materials from the long-lasting stable quality control. We would make change on some of material manufacturers as cordially as shown below. Current product is going to accept orders until 15th of July, but materials stocks will finish available while stock lasts. New models will start sales before closing order for previous models. So, please be aware of each models. We checked the difference in X-ray absorption between old and new materials and find it not so much influence in evaluation.

Sincerely

1. Discontinued Models
